

ENVIRONMENTAL POLICY STATEMENT

Sarco Stopper is a private limited company engaged in the design, manufacture, servicing and supply of line stopping and bypass solutions.

Sarco Stopper Ltd is committed to the continual improvement of our environmental performance. In order to achieve this aim Sarco Stopper Ltd seek to set, implement and regularly review the following objectives: -

- Maintain and continually improve our current Environmental Management System (EMS) certified to ISO 14001.
- Protect the environment, prevent pollution and comply or exceed legal and other requirements associated with our significant Environmental aspects.
- Monitor and continually improve environmental performance, including the setting of realistic objectives and targets.
- Provide training and awareness to ensure that all members of staff are informed about our environmental policy, objectives and targets.
- Improve resource efficiency on site, including energy, water, material use and recycling.
- Review and monitor the performance of our supply chain.
- Improve the environmental credentials of our products with reference to lifecycle considerations.

All employees of Sarco Stopper Ltd have a responsibility to assist the company to meet these objectives and provide feedback for continual improvement. This policy will be communicated to all employees, reviewed annually and made available on the company website: www.sarcostopper.com.
